## NOTES

# Ultramax 4S

## ULTIMATE ALL-WEATHER

The Summit Ultramax 4S is your ultimate all-weather tire, engineered to handle every season with confidence. Whether you're navigating sun-soaked pavement, rain-slick roads, or tackling light snow, the Ultramax 4S delivers superior grip and stability across all conditions. Summit Ultramax 4S - Ready for Nature.

# Trail Climber LMD

The last mile delivery industry with confidence using the Summit trail climber LMD. Constantly in motion, this demanding sector requires tires that can handle every twist, stop, and acceleration. Summit rises to the challenge, crafting the dependable and long-lasting Trail Climber LMD with these demands in mind.

## TIRE FEATURES

- Durable casing is specifically designed to meet the demanding standards of commercial applications.
- Deep tread depth and cutting-edge rubber compounds, it delivers exceptional wear resistance, extending the lifespan of your tires.
- Enhanced by four wide circumferential grooves, it excels in wet conditions, providing superior traction for safer driving.
